Birth certificates are often needed to receive medical assistance, housing and other public benefits, to obtain a Pennsylvania driver's or non-driver's license, for access to many public buildings, for general identification and for many other purposes.

Homeless individuals who attend this free clinic will meet with an advocate who will request birth certificates for them and their minor children free of charge.

Birth certificates requested at this clinic will not be back before Valentine's Day (February 14, 2016).

HAP does not help individuals obtain PENNDOT identification.
